this book brings together authors from around the world to discuss the standards for technological and engineering literacy the role of technology and engineering in stem education stel released in july 2020 by the international technology and engineering educators association iteea the various chapters examine and elaborate on how educators must understand the structure of the standards used and their alignment with educational programs at specific levels and contexts both in the context of the usa and internationally it also showcases case studies analyzing the use of standards in their various contexts from a number of countries which have either adapted stel or which have national standards in technology education the stel represents a major update to the content standards that has

guided the field of technology education and later technology and engineering education in the usa since 2000 in contrast to previous standards stel presents a substantial reduction in the number of standards and associated benchmarks and the benchmarks have been operationalized to identify the key knowledge skills and dispositions associated with each standard it also emphasizes a focus on core standards that should allow for deeper levels of understanding and engagement on the part of students who in comprehensive educational programs will continue to revisit these core standards in increasingly sophisticated ways as they progress from pre k through grade 12

a comprehensive exploration of postrevolution iranian foreign policy analyzes the country s relations with key nations and regions and the impact of both iran s domestic situation and the developing global system iran s foreign policy in the post soviet era resisting the new international order provides the first truly comprehensive in depth survey of iranian foreign policy issue by issue and country by country since the islamic revolution to help readers understand both the what and the why of iran s role in the world and formulate useful responses to that role the author provides a detailed analysis of iranian foreign policy in all its dimensions the first part of the book places iranian actions particularly its relations with the united states and other key players within the context of the emerging international system while also showing how domestic developments impact foreign policy the second part surveys iranian relations with specific actors notably the united states and russia and with key regions including europe central asia the arab world latin america and africa providing an antidote to existing preconceptions this incisive analysis lays an analytically sound basis for shaping policies toward iran policies with potentially high payoff in terms of regional security and stability

are we on the cusp of détente with iran conventional wisdom certainly seems to believe so since the start of diplomacy between the islamic republic and the p5 1 powers the united states france england russia china germany in november 2013 hopes have been running high for a historic reconciliation of iran s clerical regime with the west yet there is ample reason for skepticism that the united states and its allies can truly curb iran s nuclear ambitions by diplomatic means moreover the west s current focus on iran s nuclear program is deeply dangerous insofar as it fails to recognize let alone address iran s other international activities or its foreign policy aims those objectives are global and they continue to grow in scope and menace in this sobering book ilan berman illuminates the multiple dimensions of the iranian threat and exposes the perils of lodging confidence in diplomacy with the islamic republic

the first comprehensive study of iran s political and cultural interactions with africa during the cold war and decolonisation

inaugural lectures delivered in the nigerian university system

religion and global politics soft power in nigeria and beyond examines the deployment of religious soft power in african states and the potential it has for transforming perceptions of the continent the contributors refocus the attention on religion away from the misery discourse of conflict and violence towards the domain of international relations diplomacy and foreign policy in africa through this shift the contributors analyze the ways in which religion has impacted the external relations of african states religion and global politics introduces the theme of religion to the discourse of african international relations and politics to provide a thorough examination of religion s influence on politics in the daily lives of african people

conflict identity and reform in the muslim world highlights the challenges that escalating identity conflicts within muslim majority states pose for both the muslim world and for the west an issue that has received scant attention in policy and academic circles

issues for 1955 include section nigerian periodicals and newspapers 1950 1955
