recounts the events surrounding the 1957 photograph taken by Will Counts that captured one of nine African American students trying to enter an Arkansas high school while being taunted by an angry white mob and discusses how the photo brought the civil rights movement to the forefront of the nation's attention

after the first sighting of La Petite Roche on the banks of the Arkansas River by French explorer Bernard de la Harpe in 1772 Little Rock grew from a few families living in small log cabins into a thriving capital city with a population of more than 184,000. The city has weathered everything from catastrophic floods to a school integration crisis yet through good times and bad retains its small town charm, southern hospitality, and connections to the past. From the Civil War to Central High School, historic photos of Little Rock follow life, government, education, and events throughout the city's history. Published in vivid black and white, nearly two hundred images communicate historic events and the everyday life of two centuries of people building a unique and flourishing metropolis which has become the governmental and cultural center of the state of Arkansas.
